impact-resistant package

PRECISION BUILT
IN THE USA

WARM EDGE SPACER SYSTEM

HIGH PERFORMANCE

DUAL PANE

IMPACT RESISTANT

Detailed description: This technical diagram shows a cross-section of a sliding glass door. It features a dark frame and a double-pane glass unit. The diagram is annotated with various callouts and feature boxes. At the top, the 'STORMARMOR' logo is displayed with a lightning bolt icon and the text 'impact-resistant package'. To the right, a tilted box says 'PRECISION BUILT IN THE USA'. Below that, a red box with a bed icon is labeled 'WARM EDGE SPACER SYSTEM'. Further down, another red box is labeled 'HIGH PERFORMANCE'. Below that, a red box with a double-pane icon is labeled 'DUAL PANE'. At the bottom right, a grey box with a cloud icon is labeled 'IMPACT RESISTANT'. On the left side, there are handwritten-style callouts with arrows pointing to specific parts of the door's construction, such as the frame and the glass panes.
